### **Abstract**

Foreign investment in U.S. agricultural land has been reported for 12.9 million acres in 1,901 of the 3,041 counties in the United States. Data are presented for each county to show the number of acres and parcels, value, country of origin, and use of foreign-owned agricultural land. Aggregation of the data at the county level supplements "Foreign Ownership of U.S. Agricultural Land Through December 31, 1989," ERS Staff Report No. AGES 9026.

**Keywords:** Agricultural land, foreign investment, foreign landownership, county data.

# Foreign Ownership of U.S. Agricultural Land Through December 31, 1989

## County-Level Data

Gertrude S. Butler  
J. Peter DeBraal

### Introduction

The Agricultural Foreign Investment Disclosure Act of 1978 (AFIDA) requires foreign owners of U.S. agricultural land to report information about such ownership to the Secretary of Agriculture.<sup>1/</sup> The act also requires that the Secretary transmit an annual report on foreign ownership of U.S. agricultural land, including an analysis of the information reported by foreign owners, to the President and the Congress. The county-level data presented in this report supplement the information contained in the annual report for the year ending December 31, 1989. <sup>2/</sup>

"Agricultural land" is defined in the act as all land used for agricultural, forestry, or timber production purposes. The regulations further refine this definition by including idle land if its last use, within the past 5 years, was for agricultural, forestry, or timber production purposes.<sup>3/</sup> The regulations exempt all agricultural land held in parcels of not more than 10 acres (in the aggregate) from which agricultural, forestry, or timber products do not exceed \$1,000 in gross annual sales.

AFIDA requires reporting any interest in the land other than a security interest (a mortgage or other debt-securing instrument). The regulations exempt leaseholds of less than 10 years, contingent future interests, and those noncontingent future interests that do not become possessory upon termination of the present estate. addition, nonagricultural easements, rights-of-way, and interests solely in mineral rights are exempt.

A "foreign person," as defined in the act, includes any individual who (1) is not a U.S. citizen or national, (2) is not a citizen of the Northern Mariana Islands or the Trust Territory of the Pacific Islands, or (3) is not lawfully admitted into the United States for permanent residence. Any person who holds an Immigration and Naturalization Service Form I-151 or I-551 (green card) is considered lawfully admitted for permanent residence and is exempt from the requirements of the act. Foreign governments, entities which are created under the laws of or have their principal place of business in a foreign country, and U.S. entities in which there is a significant foreign interest or substantial control are also defined as foreign persons. The regulations define "significant interest or substantial control" to mean a 10-percent or more interest in the entity if held by a single foreign person or a group of foreign persons acting in concert, or a 50-percent or more interest if held by a group of foreign persons not acting in concert, none of whom individually holds a 10-percent or greater interest in that entity.

A "parcel" is all land held by one owner in the same manner (type of interest), located in one county, and acquired at the same time. Lands do not have to be adjacent to be considered part of one parcel.

The data in the following tables are presented by State and county. Only those States and counties in which there is foreign investment in agricultural land are listed. Table 1 displays the number of parcels and acres and the value of the foreign-held land at the time of acquisition. Table 2 presents acreage data for the five foreign countries of origin that account for the most foreign-owned U.S. agricultural land nationally and a sixth category for all other countries. The foreign-country data are totaled under each country name for all types of foreign investors from that country. Table 3 furnishes acreage data by use categories.
